ANNOUNCEMENTS.

CONGRESS.
The friends of Rowland C. Burns beg
to announce that he is a candidate for
Congress in this district in 1902, sub-
ject to the action of the Republican
party. He believes that a mountain
man is as good as any one.

Representative Kohoe has filed
a petition at the Post-office Depart-
ment asking for the extension of rural
free delivery route No. 6 in Har-
rison county.

The House yesterday passed the
Bentley bill providing a pension of
\$8,000 a year for the widow of Pres-
ident McKinley, and the measure
now goes to the President. Repre-
sentative Bell questioned the prop-
riety of such a large amount and
was answered by a number of mem-
bers. The vote on the bill was
unanimous.

The development of the great re-
sources of the Big Sandy valley
now seem to be near at hand.
With the N. & W. down Tug and
the West Virginia side of Big San-
dy, and at least one railroad prac-
tically assured up the Levisa fork,
and the work on the locks and
dams going steadily on, the pros-
pects for the entire valley are in-
stantly brighter than ever before.

White Cream Vermifuge not only ef-
fectually destroys worms, it also in-
creases the appetite, aids assimilation
and transforms a frail child into one of
obst health. Price 25 cents.

OLIOVILLE

Misses Flossie Bechtel and Ella
Kirk went to Ollioville Thursday.
Mr. McCall spent Sunday with
home folks.

The two saw mills on Cooksey's
farm are doing good business in
the way of sawing.

W. H. Bechtel went to Van Wert
recently.

G. G. Theobald is closing out busi-
ness at his store on the Cooksey
place and is going to his home in
New York.

Harve Kelley has quit hauling
oil and gone home on account
of his eyes being weak.

Pigg Virgil has quit working at
the Hickory mill.

The correct and safest remedy for kid-
ney and bladder diseases is Foley's kid-
ney cure.

When children have earache, satur-
ate a piece of cotton with Ballards Snow
Liniment, and place it in the ear. It
will stop the pain quickly. Price 25 and
50c. Sold by A. M. Hughes.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of
malaria germs. So is low, wet or
marshy ground everywhere. These
germs cause weakness, chills and fever,
aches in the bones and muscles, and
may induce dangerous malarial fevers.
But Electric Bitters never fail to destroy them
and cure malarial troubles. "We tried
every remedy for malarial and stomach
and liver troubles," writes John Char-
leson, of Brysville, O., "but never found
anything as good as Electric Bitters."
Try them. Only 50c at A. M. Hughes,

A DOCTOR'S BAD PLIGHT

"Two years ago, as a result of a se-
vere cold, I lost my voice," writes Dr. M.
L. Boardman, of Hebron, Ohio, "then
began an obstinate cough. Every rem-
edy known to me as a practicing physi-
cian for 25 years failed, and I grew
worse. Being urged to try Dr. King's
New Discovery for consumption,
coughs and colds, I found quick relief,
and for the last ten days have felt bet-
ter than for two years." Positively
guaranteed for throat and lung troubles
by A. M. Hughes 50c and \$1. Trial bot-
tle free.

FOR FARMERS.

Items of Interest About Farmers
and Live Stock.

At Chicago so great is the de-
mand for shipping facilities that
the potato dealers are paying the
railroad company a bonus of \$10 a
car. The price for seed potatoes
is advancing rapidly and the deal-
ers want to take advantage of the
market before the farmers raise the
price still further. Less than
three weeks ago potatoes, old stock,
was selling at 85 cents at leading
stations. Now the holders are ask-
ing \$1.25. The demand is from
southern sources.

Last year the corn crop in Ar-
kansas was almost a total failure
and the farmers find themselves
without seed corn. The Agricul-
tural Department at Washington has
decided to come to their aid and
has arranged with a seed firm in
Richmond, Va., to send them 1,000
bushels of corn. It will be put up
in sacks of one bushel each and
sent by mail.

A friend wants to know what
price hogs must bring to make a
profit on feeding them 67-cent
corn. Fed under proper conditions
a bushel of corn will make ten
pounds of pork, and for all ordina-
ry purposes this rule is accepted as
a standard of measuring the rela-
tive values of corn and pork. Thus
the pork so made from 67-cent corn
must bring \$6.70 per hundred-
weight in order to let the feeder
out. Under present conditions we
should try other rations for the fat-
tening hog. Wheat at 65 cents per
bushel will go further than corn at
67 cents. Barley at 50 cents is
cheaper feed; also mill stuff and
the low grades of wheat and flour.
There is a certain loss in making
pork which sells for \$5.80 out of 67-
cent corn wholly.

At a sale in Shelby county mules
sold from \$125 to \$165 per head;
cows from \$45 to \$50, 14 heifers at
\$25 per head, sows and pigs from
20 to 25; 28 shoats at 4 per head;
70 sheep with lambs from 6.50 to
7.50.

B. F. Sanders & Bro., weighed to-
day 1300 pound cattle at 5.65. Mr. San-
ders guessed the exact weight of
the cattle, something that could
not be done again in a million
guesses. These cattle will be ship-
ped to England.—Harradsburg Her-
ald.

We have a suggestion from one
of our subscribers, says the Shel-
byville Sentinel which will be val-
uable to wheat growers. It is to
sow spring wheat in the fields in
spots where the winter wheat is
thin or frozen out entirely. This
plan has been tried and has had
the effect of making a good yield of
wheat in fields that had a very
poor prospect.

SKAGGS

Married, on the 6th, Miss Ollie
Rose to Winston Mullins. Also on
the 10th, Miss Lidda Skaggs to
James Rite.

A number of young folks had a
social at Colba Lyons Saturday
night. All report a good time.

Alma and Sophia Skaggs, Emma
Sparks, Della Holbrook and Mar-
tha Elam visited friends here re-
cently.

Pleasant Holbrook and wife vis-
ited at Nelson Sparks Saturday
night.

J. C. Sparks visited at Con Hol-
brook's Sunday.

I was much afflicted with ar-
thritis, writes Ed. F. Nul, Iowa City,
Bridgwick Co., Kan., "going about
on crutches and suffering a deal of
pain. I was induced to try Bal-
lard's Snow Liniment, which re-
lieved me. I used three 50c bot-
tles. It is the greatest liniment I
ever used; have recommended it
to a number of persons, all ex-
press themselves as being bene-
fitted by it. I now walk without
crutches, able to perform a great
deal of light labor on the farm."

According to government census
statistics there are 5,739,657 farms
in this country and 4,514,210 of
these report dairy cows and dairy
products, which in 1899 were val-
ued at \$472,369,000. The number
of dairy cows reported was 16,139,
672. The report shows that the
receipts from dairy products sold
aggregated \$281,630,000 and that
\$190,739,000 worth was consumed
on the farm.

Frankfort, Ky., April 12.—Mrs.
Benjamin A. Preston, daughter of
Capt. Joseph K. Dixon, of Johnson
county, State Arsenal Keeper of
Bradley administration, died at the
home of her husband in the
West Side today. Her funeral
will take place Monday, with in-
terment in the State cemetery.

A CHATTANOOGA DRUGGIST'S STATE- MENT

Robt. A. Miller, proprietor of the
Read House drugstore of Chattanooga,
Tenn., writes: "There is no cure for
Foley's Kidney and Bladder Cure, but
it is a wonderful remedy for all
urinary troubles, and we sell more of it
than all other cough syrups combined."

Kenova, W. Va., April 13.—Paul
Adkins, Principal of the Cerado
schools, and Miss Anna Black,
daughter of Captain John Black,
passenger conductor on the N. &
W., accompanied Pastor Gadsby
home from prayer service at the
Congregational Church and were
married last night. They imme-
diately repaired to Kenova, where
they took the midnight train for
Bluefield and left orders that the
announcement be made to friends
in the morning. Not even the
bride's father, who collected their
trunk, knew they had embarked
on their honeymoon.

Foley's Kidney Cure, if taken in time
affords security from all kidney and
bladder diseases.

The tallest and perhaps the
heaviest woman in West Virginia
was married at Kingswood to com-
parative midget. Both parties
hall from that place, where they
were reared and went to school to-
gether. The bride was Miss Mary
Craig, who pulls down the scales at
285 lbs. and stands 6 feet and 6 in-
ches in her bare feet. Her husband
is Eva Winfield Thomas, a car-
penter, whose head barely reaches
his wife's shoulders, and who
weighs but 155 pounds. The bride
who is familiarly known in that
community as Miss "Dot" is 35
years old, and her husband is one
year her senior they both being
born the same day of the month.

The two were lovers when scarce-
ly out of their teens, but differ-
ences arose. Recently they be-
came reconciled.—Huntington Her-
ald.

rating influence of Ballard's Snow Liniment.

HUNTINGTON, W. VA., April 13.

Miss Jennie Arthur, of McAdams,
was married here to J. M. McKee,
of St. James, Ohio, yesterday.
They became acquainted through a
nuptial advertisement.

About half an hour after the cer-
emony a sister of Miss Arthur ar-
rived at the West Virginia Hotel,
where the couple had registered.
When the two sisters met at the
threshold of the door their tears
began to flow, and it was an hour
before they obtained relief. In the
excess of their emotions. Finally
the groom made a kick at the of-
fice, and the landlord of the hotel
informed the bride's sister that
she would have to leave the room.
She at first demurred, but finally
consented, and the trio returned to
the bride's home today.

Miss Arthur is a pretty brunette
of 18, and the daughter of George
W. Arthur, one of the wealthiest
farmers of Cabell county.

An ounce of prevention is worth a
pound of cure, and a bottle of Ballard's
Horsehold Syrup used in time will save
a staff of physicians with a drug store
or two included. Price 25 and 50c.
A. M. Hughes.

Keystone, W. Va., April 13.—A.
C. Thomas and H. L. Baldwin, of
this place, had an encounter with
a large black bear last night near
the head of Splice Creek, a tribu-
tary of the Tug, which may cost
Thomas his life and make Baldwin a
cripple for life. Yesterday the
young men shouldered their guns
and went to the mountains in
quest of game. At the place above
mentioned they came upon a flock
of wild turkeys and managed to
bag several. The reports of their
guns brought him from his hid-
ing place in a chaparral thicket,
and he at once exhibited signs of
flight.

Both Thomas and Baldwin em-
ployed the contents of their Win-
chester into the enraged animal, but
without effect, and the fight came
to close quarters. They used the
barrels of their guns and bowie
knives in their defense, but were
unable to cope with the wounded
bear, who bore Thomas down with
a stroke of his paw and terribly
lacerated him. Baldwin remained
by his partner's side and he, too,
suffered from a blow and was
knocked senseless.

Suffering from the loss of blood,
the animal gave up the fight and
left the two wounded men on the
battle field, where other hunters,
happening to pass, found them
and secured medical aid. Both
are in a serious condition and
Thomas is not expected to live.

WORTH \$300,000,000.

The President of a certain big Oil Com-
pany is said to be worth \$300,000,000. A
little bit of money and no mistake. And
yet he is not happy. In an address to a Bible
class he spoke of trials and troubles of the
rich and the loads they have to carry. A
young lady whispered to a friend that he
might wear a Benson's Porous Plaster on his
back, or, better still, divide the money among
the members of the class. "I don't know
why her idea about the plaster makes me
want to laugh, but it does. All the same
I have seen plenty of people laugh after
putting Benson's Plaster on their backs
or chests, or on any other spot where there
was weight, heartiness, weakness or pain.
It may be the sharp stabs of neuralgia, the
aches and wrenches of rheumatism; it may
be colds in muscles or bones; it may be
those kidney or lamboe throbs that make
you yell as at a dog bite; or it may be a
strain or cramp, anything that wastes quiet-
ing and comforting. Don't bother with
salves, liniments, lotions, etc., or with any
of the simple and useless oil style plasters.
Clasp a Benson's. It relieves at once
and cures quickly. It stops the pain and
makes you laugh for the very ease and good
feeling of it. But each cut sealant in-
cludes and contains. All druggists, or
we will prepay postage on any number
ordered in the United States on receipt of
25c each.

HALF A MILLION.

Big Sandy River Secures Amend- ment in Senate for that Amount.

Thanks to the direct efforts and
influence of United States Senator
Stephen B. Elkins, and the solici-
tude of his close friend, Congress-
man James A. Hughes, Big Sandy
river is provided for. An amend-
ment carrying \$500,000 for this river
has been added to the Rivers and
Harbors bill by the Senate Com-
mittee, and Mr. Elkins has served
notice that he will insist upon its
passage with the bill. This means
so much that we feel as though the
appropriation is almost a certainty.
It would be well, however, for
our people to bring to the support
of the proposition all the legitimate
assistance at their command. This
would at least show the interest
that we should and do feel.

The people of the Big Sandy Valley
are under lasting obligations to
Senator Elkins. He was the prin-
cipal power in securing the
amendment to the last river and
harbor act, which doubled the
amount provided for us in the
House bill, thus giving us money
to build two dams below Louisa,
instead of one.

In giving Senator Elkins so
much credit in Big Sandy matters
we are not forgetting or disparag-
ing the efforts of the hosts of other
friends who have and are standing
by the worthy object of providing
water transportation for our
valuable resources. Every influ-
ence helps the cause along and it
is all appreciated by our people.
Senator Elkins is able to accom-
plish the greatest results because
he has the necessary influence and
position to do it.

The Big Sandy river amendment
is as follows:

Improving the Tug and Levisa
forks of the Big Sandy river, West
Virginia and Kentucky, by con-
struction of a lock and dam on
each of said forks above their
junction, in accordance with the
report submitted in House docu-
ment No. 255, Fifty-sixth Congress,
second session, \$250,000; provided
that a contract or contracts may
be entered into by the Secretary of
War for such material and work
as may be required to prosecute
the project recommended in said
report, to be paid for as appropri-
ations may from time to time be
made by law, not to exceed in the
aggregate \$250,000, exclusive of the
amount herein or heretofore ap-
propriated.

Improving the Big Sandy river,
West Virginia and Kentucky;
completing the improvement of
the two locks and dams between
Louisa and the mouth of the river,
authorized by the river and harbor
act of March 3, 1899, \$50,000, the
said sum to be in addition to the
amount authorized by said act to
be expended on the said locks and
dams.

TO WHOM IT MAY CONCERN,
I will be at my office in Louisa,
on the second Saturday of each
month.

RAILROAD TALK.

A Few Facts About the Situation in the Big Sandy Valley.

The railroad situation up Big
Sandy remains unchanged, so far
as it is possible to learn. The C. &
O. and the Seaboard Air Line both
have forces in and about the
breaks of Sandy. These forces con-
sist of engineers, right-of-way
men, laborers and contractors.
Some mules and negroes have been
sent up there and a large amount
of supplies have been shipped in
by the C. & O.

The "surface" indications for a
railroad down Big Sandy are ex-
cellent. But some of the natives
along the route are naturally some-
what skeptical as to the outcome,
because they have had their hopes
crushed several times in the past.
"Andy" Potter, a well known char-
acter who lives near the breaks, is
one of the doubtful. He says to
the railroad people, "Boys, I'm
afraid you're commencing at the
wrong end of the line."

The Sea Board Air Line people
declare that they want to build a
line down Big Sandy to the Ohio.
But many persons fear that if they
get through the breaks they will
not do this, but only tap the line
coming along this side of the
Cumberland range and take it out
in the other direction, leaving a
long gap down this way without a
railroad.

On the other hand, the friends of
the Seaboard say this line has ar-
rangements for a northern connec-
tion at the Ohio river which would
give them a much-to-be desired
route stretching from the coast to
the lakes. If this be true, this con-
nection referred to could be none
other than the C. H. & D., and the
Detroit Southern, which are the
only independent lines anywhere
within reach. The C. H. & D.
has no coal territory. Neither has
the Seaboard Air Line. Both
want to reach coal fields. "To a
man up a tree" is a combination that
would be very likely, and quite advantageous
to both companies.

In view of this situation the fol-
lowing from the Cincinnati En-
quirer is interesting. If the deal
should be made it would take the
C. H. & D. out of any such combi-
nation as is mentioned above, as it
would no longer be an independ-
ent line. The report is as fol-
lows:

"The story came over the special
wire to P. J. Donohue & Co., yes-
terday from New York that the Big
Four was evidently anxious to get
control of the C. H. & D. and that
Vanderbilt interests had bid \$9 for
the C. H. & D. common stock. The
present control of the C. H. & D.
ask par, so the story goes, but will
probably take a little less. This
move is considered important by
the New York interests making the
statement, inasmuch as the C. H.
& D. is the only independent local
road in Ohio with the exception of
the Detroit Southern."

The C. & O. has long held the
key to the railroad situation in the
Big Sandy Valley, and the general
impression is that the company
was not ready to extend its present
line, but that the movement of the
other company has made it neces-
sary to take up the matter at once
in order to hold the field.

The people of the valley are anx-
ious for a railroad and are besic-
ing the News for information on
the subject. We shall endeavor to
keep them posted, giving fairly
and impartially whatever is
known on the subject.

The people up Big Sandy want a
railroad and are said to stand
ready to favor the company or
companies that will assure them
of the completion of a road within
a reasonable time.

BEAUTY AND STRENGTH.

Are desirable. You are strong
and vigorous when your blood is
pure. Many—many, most women
fail to properly digest their food,
and so become pale, thin, sallow
and weak, while the brightness,
freshness and beauty of the skin
and complexion, depart. Remedy
this unpleasant evil, by eating
nourishing food, and taking a small
dose of Laxative Bromo-Quietine
to digest what you have eaten. 50c

Circuit Court.

The regular term of the Lawrence
Circuit Court convened last Mon-
day, with Judge S. G. Kinner pre-
siding and Commonwealth's At-
torney Redwine prosecuting.

The jury are as follows:
GRAND JURY:—W. J. Vaughan
(Foreman), Fyless M. Carey, Robert
M. Preston, Robert J. Towler,
Wm. D. Roffe, Hobi. Grillich, Ad-
am Harmon, Elm Kitchen, J. J.
Mann, R. F. Crank, Jas. R. Castle
and John H. Ekers.

SMALL JURY:—Lewie S. Sparks,
R. B. Spencer, Henry Lambert,
Jas. W. Wheeler, H. B. Howlett,
David Hogg, R. L. Barrett, Henry
Hogg, R. A. McKee, J. H. Sturgill,
Jas. Young, David Sturgill, D. J.
Whitely, John Sweetnam, N. D. Wal-
deck, J. S. Osborn, Jas. W. Shannon
and D. R. Skaggs.

A number of misdemeanor cases
have been disposed of. The juries
are excellent, and offenders are
tending the way of the transgressor
to be truly hard.

Some violators of the local op-
tion laws have escaped because
the indictments were improperly
drawn, as usual.

The case against Noah Kelly for
killing Lado Hicks was called Wed-
nesday. Seven jurymen were se-
cured that day out of the regular
panel. Thursday morning the other
five were secured. They are as
follows: R. J. Fritchard, H. E.
Hannab, C. F. See, Wm. Jordan,
John Hickman, John H. Akers, L.
R. Skaggs, R. A. McKee, Henry
Lambert, W. L. Jordan, R. L. Har-
ratt and R. B. Spencer.

The attorneys for the Common-
wealth are: M. M. Redwine, G. E.
Finght, H. C. Sullivan, M. S. Burns,
T. S. Thompson, Al. Carter, M. D.
Perkins, John Hicks, and Sam
Jole. Attorneys for defense, R. T.
Burns, Alexander Lackey, F. R.
Moore and J. H. Riffe.

By noon the Commonwealth's
witnesses had all been examined
and Kelly had testified. As we go
to press the testimony is almost
completed and the case will prob-
ably go to the jury this (Friday)
evening.

The murder was committed Nov.
1st. The two men were consis-
tently escaped and enlisted in the
army, but was brought back from
Columbus soon afterward.

GONE TO REST.

Died, on April 12th, at the home
of Mr. and Mrs. Garred Wilson, at
this place, Mrs. Rebecca Shannon,
after an illness of several weeks.
She was 86 years of age.

All that the faithful, devoted
friends could do was done, but of
no avail. She had lived to a ripe
old age and was ready and willing
to go. She bore her suffering with
sweet christian patience and was
never known to murmur or com-
plain.

She had given her services to God
and His church early in life. Hav-
ing been converted and taken the
vows of the church she did not
turn away from her Master, but
overlooked to him as the hope and
expectation of her soul. She had
many friends and relatives who
hung around her as a tender vine.

She expressed a desire for her re-
mains to be carried back to the
old home near Halling, that she
might sleep beside her kindred.
This request was complied with.
The funeral service was conducted
by Rev. Boland, at the home of her
daughter, Mrs. Garred Wilson,
where she had made her home for
several years.

"Death has robbed us of our mother.
Whom we loved and cherished dear.
It was mother, yes, dear mother.
Can we help but shed a tear?

How we loved her! Yes, we loved her!
Oh, no earthly tongue can tell
Yes, the angels they have called her
Up to Heaven there to dwell

But cheer up! We know she's waiting
For her dear ones ever more,
And is singing with the angels
On the bright and golden shore."

A Friend.

We desire to express our many
thanks to all the friends who were
so kind and willing to assist us
during the illness and death of
our dear mother.

MR. AND MRS. GARRED WILSON.

The City Council held a special

The annual report of the principal
shows that the Louisa graded
School opened with 213 pupils.
During the term 59 were admitted
and 90 left before the close, when
the enrollment was 182. During
the session a total of 272 pupils
were admitted. The attendance
was 62 per cent. of the total en-
rollment.

Corner Stone Laying.

The Louisa Council Junior Order
United American Mechanics laid
the corner stone for their new hall
Tuesday. The members of the or-
der had spent much time and money
in completing the arrangements for
this affair and as a result it was
an entire success.

Just before the past bound train
was due the members of the order,
headed by their hand, which under
the leadership of Mr. J. A. Shan-
non, rendered some excellent music,
marched to the depot where they
met a delegation of members of the
order from Huntington and Cen-
tral City, W. V., who came in re-
sponse to an invitation to attend
and take part in the exercises. The
members and visitors then returned
to the hall where an adjournment
was taken for dinner.

Promptly at one o'clock a meet-
ing was held at the hall and the
members formed a line and march-
ed to the lot recently purchased
by the Lodge, where the corner
stone was laid.

Rev. I. D. Hyman, of Fort Gay,
made the opening address and was
followed by Rev. Craig, of Central
City, on the objects of the order
and B. E. Lee on Fraternalsm.

After the speaking Rev. Hyman
laid the corner stone in which was
placed a bible, the foundation of
the order.

There was a large crowd of peo-
ple in town and the exercises were
attended by a large and attentive
audience. There were about one
hundred members in the parade,
including the visitors.

Bird-Shot For Tiger.

No use to hunt tigers with
bird-shot. It doesn't hurt the
tiger any and it's awfully risky
for you.

Consumption is a tiger among
diseases. It is stealthy—
but once started it rapidly
eats up the flesh and destroys
the life. No use to go hunting it
with ordinary food and medi-
cine. That's only bird-shot!
It still advances. Good heavy
charges of Scott's Emulsion
will stop the advance. The
disease feels that.

Scott's Emulsion makes the
body strong to resist. It
soothes and toughens the lung
and sustains the strength until
the disease wears itself out.
